CORONA

super deal! effective 1st July 2020

Dear guests,

We sincerely hope that you are all healthy and safe!

After the devastating lockdown due to the Corona virus pandemic, we are ready to accept guests again. **ANKERMI** will be reopening its doors at the beginning of July 2020. Of course, we will proceed to do so in compliance with the rules and restrictions set by the government. It is also important to note that most air travel will still be limited.

To adjust to these conditions, we have decided to change the pricing and facilities included with each bungalow. In addition to an adjusted room price per person, we have decided to include the meals as a part of the deal. Delicious breakfast, lunch and dinner will be prepared by our hard working staff who have been instructed to strictly follow the government's restaurant hygiene guidelines. Any dietary restrictions that you have will be accounted for.

The diving prices will also be adjusted for the time being. If you own a mask and/or regulator mouthpiece, we advise you to bring it. On the contrary, we can guarantee the safety of our dive equipment as we follow the cleaning methods and hygiene recommendations set by PADI.

Please see the new deals available below and contact us by email: claker@ankermi-happydive.com for any inquiries.

We are looking forward to welcoming you at Ankermi soon!
